Dear Parents/Carers,

It has all been happening in school this week!

Balance ability in Year 1

It has been lovely for me to look out of my office window and see the Armadillos and Snow Leopards whizzing round on the balanceability bikes-you could really see the improvement in confidence and 'balanceability' in the short space of time that they were out there.

Professor Bubbleworks

We have had some exciting science workshops in school and each class from Reception to Year 6 have had the opportunity to work with Professor Bubbleworks. They had exciting scientific demonstrations and learnt about how technology has developed through science-the children's favourite was when he demonstrated static electricity by getting the children's hair to stand on end. Watch out for some pictures on the Trust newsletter.

Walk to School Week

Next week is Walk to School Week and further details will be sent out by the class teachers on Seesaw. In short, the main idea behind this national strategy is that it is healthier for children to walk, scoot or ride to school rather than travel by car-it also reduces parking congestion and air pollution around schools.

However, if you feel that you may struggle to do this then perhaps you could walk, scoot or ride as a family after school and send in this information to teachers who will reward your child with a sticker.

Snacks at break time

I would just like to remind parents that if children in Key Stage 2 (Key Stage 1 are provided with fruit) would like to bring in a snack for break time then this must be fruit or a fruit-based product, this is because we are a nut free school and also because we like to encourage healthy eating.

Finally, I hope that you have a lovely weekend and lets all look forward to the next stage in the roadmap when restrictions are lifted further on Monday 17th May.

Yours sincerely,

A handwritten signature in grey ink, appearing to read 'JK Tomlinson', with a long horizontal flourish extending to the right.

Miss JK Tomlinson
